. I am a candidate on the Demo-County Judge of the First District. I believe it well that I make a state position should the voters select me as their choice in the primary and All at the general election.

First, I will stand for the best interest of the county in the saving of its finances; second, to do mil in my power to obtain real roads, hardsurfaced if possible, ever the entire county. These roads I believe should be built. I am heartfly in far in of the inter County Sent Highway between Carothersville and Kennett via Hayti, as it has been planend, to be a hard-surfaced road. Third, I have always believed a county judge is a representative of the whole county, and should look to the interest of the whole county and her people. This does not affect in anyway the district from which he is elected; but of course the district comes first, and to one's own district comes his best efforts.

To the people of the First District and especially Hayti, I promise my unstinted time and efforts that will bring an more prosperity and a closer 🚳 tie of triendship. ## Sturdy Seven-Roomer Which ase Yourself and Family

THE HOME, shown above, really should be classed as an eight-room That big screened porch, opening off the living room to the left with a few French windows could easily be made into a pleasing sun room or conservatory. With it all-this home is built to stand the stiff winters of the north, or so ventilated as to afford the coolness desired in the south. It is English in line, the floor plans showing an ideal arrangement of living room, dining room and kitchen. On the second floor are three large bed rooms, two balconies and a cozy little sewing room for mother. The bath and toilet are easily accessible to all rooms. F. E. Sadler of Janesville, Wis., is the architect. This home should set deep on the lot. The entrance at the side affords a pretty sweep of lawn, incut by sidewalk.
